Career Objective

Enthusiastic and dedicated Computer Science undergraduate with hands-on experience in development through hackathons and certified skills in Python, web development, and cybersecurity. Eager to contribute to real-world projects and grow as a software developer through impactful internships.

Education

B.Tech – Computer Science Engineering
Dronacharya College of Engineering, Gurugram, Haryana
2023 – 2027

Class 12 – CBSE (PCM: Physics, Chemistry, Mathematics)
Blooming Buds School
Year of Passing: 2022

Class 10 – CBSE
Blooming Buds School
Year of Passing: 2020

Technical Skills

- Languages: C, C++, Python, Java
- Web: HTML, CSS, JavaScript, React, Tailwind
- Database: MySQL, MongoDB
- Tools & Platforms: Git, VS Code, Canva, Figma
- Operating Systems: Windows, Linux

Projects

1. Car Rental Website

Tech Used: HTML, CSS, JavaScript
Designed and developed a responsive front-end interface for a car rental platform. Included key features like car listing, booking form, and user-friendly navigation. Focused on clean UI, responsiveness, and performance optimization.

2. Logistics Delivery System (Hackathon Project)

Participated in a logistics hackathon.
Collaborated with a team to develop a delivery logistics system using provided APIs. Learned API integration, backend workflow, and teamwork in a competitive environment.

Certifications

- C Language – IIT Bombay (Spoken Tutorial)
- Introduction to Python for Cybersecurity – Infosec
- Python for Data Science and AI Development – IBM
- Programming with Python – Internshala
- Ethical Hacking Essentials – EC-Council
- Crash Course on Python – Google

Extra-Curricular

- Participated in team-based hackathons focused on real-world problem-solving
- Active learner with interest in development, UI/UX, and ethical hacking.

Languages Known

- English (Fluent), Hindi (Native)
